Feeding The Soul

June 18-21

1st Transpersonal Festival

FEEDING THE SOUL 2015, the FIRST TRANSPERSONAL FESTIVAL of the European Transpersonal Association (EUROTAS) will take place in Milan, Italy, the city of EXPO 2015, from the 18th to the 21st June 2015.

The Festival is organized by Om Association for Transpersonal Medicine and Psychology, in partnership with Centro d'Ompio (Italy) and it is co-sponsored by the Integral Transpersonal Institute of Milan, the Association for Transpersonal Psychology (ATP), Ubiquity University (U.S.), and "EXPO in Città".

FEEDING THE SOUL wishes to open a window on the "forgotten side", the aspect of listening, void, silence, inner experience, sharing, compassion and awareness, of the sacredness of the living and of the spiritual yearning that animates all its expressions.

With this event, we intend to provide visibility to all the healthy and confident forces, to that young soul living in each of us, by spreading awareness and compassion through the meshes of a social system in crisis, old and tired. We intend to bring together the multiple diversity in a community of purpose that transcends the divisions and unites through dialogue, creativity, sharing, solidarity, spirituality and renewal.

We invite young and elders, professors, professionals of the most diverse fields, students and artists, secular and religious, musicians and fans from all over the world and of all ages. We will be able to participate in experiential workshops and roundtables, to enjoy events, live performances and art exhibitions in locations scattered throughout the city as well as the magnificent backdrop of the international convention center surrounded by nature, Centre d'Ompio.
